*For Chief Electrical Engineer.*

## GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

## OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, MYSORE.

*Notification dated 14th March 1939.*

1. Sealed tenders in triplicate will be received in the Office of the Superintendent, Power and Lighting, Mysore, superscribed with the name of the work mentioned below.
2. The plans connected with the work may be seen at the office of the undersigned at all working hours. The copy, if required, will be made available on payment of Re. 1.

3. The tenders should be drawn up strictly in conformity with the specifications furnished, writing out the rates at which each item of work will be executed in figures as well as in words, failing which no cognisance will be taken of the tender. No items other than those noted in the statement should be included as the items cover provision for all sundries, repairs to damaged masonry and painting.

4. The materials to be used on the work should be of the best quality conforming to the specification of this Department and B. S. or A. I. E. E. specification. Mention should also be made of the manufacture and the catalogue numbers of the materials offered. Teakwood planks to be used on the work should be free from knots, cracks and well seasoned. No planks less than 12" in width will be permitted to be used unless it is to make up the difference in size of the board required. Only the lap joints should be adopted in all cases. Lamp holders, ceiling roses, switches, etc., should be of reinforced bakelite material, unless otherwise mentioned.

5. The undersigned reserves the right to reject the tenders without assigning any reason therefor.

6. The successful tenderer will be required to deposit an earnest money of Rs. 30 (Thirty only) and execute an agreement within two days from the date of intimation of acceptance of the tender. He should send samples of all the materials required for the work mounted on a board and start the work after obtaining the approval of the undersigned with regard to the same and carry out the wiring following the rules of this Department as well as that of the Institution of Electrical Engineers. He should also be prepared to adopt any change in the location of control points and other outlets that might be suggested by the undersigned during the progress of the work without extra cost if the tender is not materially affected by such deviations. It should also be noted that the control switches, etc., should be grouped and installed in inconspicuous corners.

7. The undersigned reserves the right also to reject the work either in full or in part if he finds the work not carried out in terms of the specifications or is otherwise dissatisfied with the workmanship.

8. *Names of works.*—"Installing Electric Lights to Sri Narayanaswamy Temple at Krishnarajnagar."

9. *Last date and time of receiving the tender.*—25th March 1939.

10. *Date and time of opening the tender in public.*—25th March 1939 at 4 P.M.

11. A period of 4 weeks will be allowed for the completion of the work in all respects, from the date of final acceptance of the tender. A penalty of Rs. 10 (Ten only) for each day of delay over the stipulated period for completion of the work during the 1st week and Rs. 20 (Twenty) in the 2nd week will be enforced. If there be further delay, the department will take charge of the installation at whatever stage it might be and arrange for the completion entirely at the risk of the tenderer.

12. The firm executing the work should arrange, while handing over the installation to this Department to pass a certificate of guarantee for the continuance of satisfactory service to the installation, for a period of 12 calendar months from the date of handing over charge to this Department, while uninterrupted power supply is maintained. Further, it will be obligatory on the part of the firm to attend to any defects in the installation that might arise due to bad work during the above period without any return for service rendered.

13. *Details of work.*—The quantities given in the annexed statement are not guaranteed and are subject to variation at the time of executing the work.

Installing electric lights to Sri Narayanaswamy Temple at Krishnarajnagar.

Sl. No.	Particulars	Quantity
PART I—EXTERIOR WORK.		
1.	Supplying, fixing and tarring S. M. Rails 24 ft. long	1
2.	Do do 2-pin D. C. A. complete with bolts and nuts, clamps, etc.	2
3.	Do do insulators and pins	8
4.	Do do guy set complete with rod anchor, 7-strand guy wire and 6 ft. of 2" galvd. guard pipe	1
5.	Do do stringing bare copper wire No. 8 B. & S. hard drawn	11 lbs.
6.	Supplying and running mains in $\frac{3}{4}$ " W. I. Pipe with bends, clamps, etc., using No. 7-036 S. W. G. insulated wire and accessories	20 ft.
7.	Earthing	1 item.

#### PART II—INTERIOR WIRING.

1.	Supplying, fixing and wiring T. W. Board 21"×18"×1" with battens and rear board equipping it with a D. P. S. T. 15 amp. iron clad switch with fuses one 2-way 10 amp. per way D. P. H. O. pattern distribution box in wooden case with 10 amp. circuit switches with bakelite cover using No. 7-036 and 7-029 S. W. G. Insulated wire and accessories	1
2.	Supplying and laying No. 7-029 SWG. twin conductor paper insulated lead covered double steel tape armoured jute served underground cable for 1,000 v. pressure in a trench 3' ft. deep surrounding the same with 3" of fine sand enclosing the ends of the same in $\frac{3}{8}$ " thick indoor type junction boxes filled with insulating compound using No. 7-029 SWG insulated wire and accessories	50 ft.
3.	Supplying and running circuit mains in $\frac{1}{2}$ " W. I. Pipe using No. 7-029 SWG. insulated wire and accessories	30 ft.

Sl. No.	Particulars	Quantity
4.	Supplying, fixing and wiring on the board available S. P. iron clad service cut outs 15 amp. using No. 7-029 SWG. insulated wire and accessories	2
5.	Supplying, fixing and wiring in twin and triple conductor No. 7-029 and 3-036 SWG. bonded L. C. cables (for mains and taps run on T. W. fillets for lighting outlets complete with 5 amp. S. P. control switches with bakelite cover using circular type bakelite junction boxes with insulated terminals lead plugs and accessories	16
6.	Supplying, fixing and wiring B. C. flanged type lamp holders complete with metal gallery, 6" x 3 1/4" opal round globe and accessories	6
7.	Do do Hailware Cat. No. H2, suspension lighting unit complete with 2 plate bakelite ceiling rose, chain, canopy, B. C. lamp holder, flexible cord and 12" opal glassware and accessories	1
8.	Do do 5/8" braided conduit pendants 1 1/2' long complete with stout ceiling plate B. C. lamp holder 10" tin enamelled shade and accessories	3
9.	Do do cast iron bulk head fitting with enamelled reflector B. C. lamp holder and accessories	3
10.	Do do Hailware silvered glass reflectors 9 1/2" x 3 1/4" complete with B. C. lamp holder, gallery, etc., and accessories	3
11.	Earthing	1 item.

M. M. ALI KHAN,  
Superintendent.
